### ***ECONOMICS***

Glen Rave Mills, the manufacturer of Sunbrella Fabrics, takes a survey from time to time to determine consumer savings once an awning is installed. On a window facing west, it will lower the temperature of the room 8 to 15 degrees and save 25% of the cooling costs it takes to make the room comfortable.

# Illuminated Awnings

**PINE MOUNTAIN  
AWNING** Inc.  
Toll Free  
**866-PINE-MTN**

Make a positive first impression with a unique, illuminated awning created especially for your business. Backlit awnings combine the charm and flexibility of fabric with the high visibility of a sign, providing round-the-clock identification to storefronts, shopping malls, theaters, restaurants, hotels - anywhere you want to gain public attention.

# Take Charge Over The Sun!

You can have your deck or patio back with just one call!

## RETRACTABLE AWNINGS

### To Motorize or Not

Choose to install sun and wind sensors with your retractable awnings, and they'll literally "think" for themselves. When the sun shines, your retractable awning automatically extends. If clouds roll in or the wind kicks up, RELAX. They'll retract by themselves!

## Custom Pool Covers

- Life has enough problems... Your swimming pool shouldn't be one of them.
- Keeps pool clean while protecting it from accidental intrusion by children, pets or stray animals.
- Taut, tailor-made fit, enhance beauty of pool during off-season.

LIFETIME WARRANTY ON FRAME
